Property Description

Price just reduced from \$2,950,000 down to \$1,500,000 and now even lower to \$1,198,000 Finca Miraculosa is one of the best farms in Costa Rica and is a rare opportunity to acquire a large parcel that truly has it all and is located in the mountains just north of Quepos/Manuel Antonio in a peaceful community known as Buenas Aires. Finca Miraculosa does have it all with 777 acres of land, one mile of river frontage, creeks and waterfalls throughout the property, primary and secondary rainforest, pasture land and utilities to name a few. There is no end of development potential for this property and it would be perfect for a myriad of development ventures. One could keep the farm as is and making it one of the best estate properties in Costa Rica with a big estate home surrounded by 777 acres of land, river, waterfalls and great ocean view and would be perfect for a house with a helipad. Finca Miraculosa is one of the largest farms in the area and would be perfect for a developer looking to develop the land and making profit, while at the same time offering large tropical ocean view estate properties/parcels to buyers, while at the same time keeping a great portion of the farm preserved for generations to come.
