Property Description

JUST REDUCED IN PRICE. This is a beautiful Balinese style house, located by the ocean in Costa Rica. The main house has 2 bedrooms and 2 bathrooms and then there is a separate guest house with another bedroom and bathroom. This is a great house to enjoy with family and friends, giving privacy with the guest house, or to utilize as a small Bed and Breakfast rental business. It will take you 2 minutes to walk to the beach of Playa Potrero which is a great beach for swimming, snorkeling, fishing, kayaking, paddle boarding etc. The home features beautiful wood ceilings and trim and lots of glass doors that open on the patio by the pool. The pool is covered to make cleaning easy and there is an automatic timer which circulates through a waterfall and into the pool. There is a very attractive bar area near the pool and of course many tropical flowers and plants, including bananas, throughout this property.
