Property Description

Don't miss out on this great opportunity! This 1 acre, ocean view lot that overlooks the town of Uvita in the southern Pacific zone of Costa Rica. It has a great view of the famous Whale's Tail reef formation and the rainforest covered mountains. The building site is nicely sized and would work well for a 2-tiered home built into the back of the building site. Enjoy beautiful sunsets and the city lights at night. You'll hear the howler monkeys as they traverse the rainforest and glimpse the toucans in flight. Close to some of the most beautiful beaches in the area, Playa Hermosa and the Ballena Marine Park, and all of the great restaurants and outdoor activities. Looking for a larger piece of land? Owner has 2 other parcels above and below this one. Contact me for more information.
