Property Description

This beautiful one hectare property with its large ready to build plantel is nestled in the jungle and it provides year round sunsets over the pacific along with views of the cloud forest . It is situated in the Tico village of Playa Hermosa and is only 7 minutes to one of the area's largest and most beautiful beaches. It borders a private reserve for absolute privacy now and in the future. It is only 12 minutes to UVITA. It is also less than 20 minutes to Dominical with its restaurants, clubs and world class surfing. Certified village of PLAYA HERMOSA water is on the property. The plantel can be expanded if required and additional property adjacent may be available. This secluded yet secure property must be seen to really appreciate it beauty and building options. The property gets wonderful breezes in the afternoon and believe me the sunsets are spectacular.
