Property Description

The Cottage is just 7 or 8 minutes above Samara. Construction has just been completed on this 1.200 + square foot (112 mt²), featuring granite counter tops, custom made cabinets, Brazilian Cherry flooring, fully landscaped with sprinkler system, an infinity pool, and lots more. There is also a large downstairs, fully plumbed and wired, ready to complete as a 3rd bedroom, garage, servant's quarters, or an office/bodega as you choose. This is the BEST construction in all of Samara & Carrillo. The hills provide a constant breeze and a temperature 5-10 degrees cooler than the beach. The large deck looks down on Isla Chora and Samara Beach, and the sunsets are magnificent.
