Property Description

Spectacular home with great views. The house is built of Guanacaste wood and cement, with large sliding doors and windows. The house has a construction of 350 square meters on a property of 1593 square meters. It is located 20 minutes from Atenas, a place with incredible sunsets; overlooking the Gulf of Nicoya, a place surrounded by beautiful mountains and ocean view, and a lot of fauna. Located only 45 minutes from the beach and very close to Highway 27. The house has 4 bedrooms; the master bedroom has its own bathroom and closet, living room, dining room and kitchen, internal garden, laundry room, swimming pool, jacuzzi, ranch, beautiful gardens and green areas, garage for 2 cars under roof, electric gate, security cameras, alarm, well water and hot water throughout the house.
