Property Description

Playa Hermosa Salvaje condos is a project located inside Opera Salvaje in Playa Hermosa, Jacó. It's located just 2.5 km from the sea and a short 8 min drive from Jacó. This low-density development is the perfect escape towards nature, living well, and the possibility of working from home in a privileged area. With easy access to restaurants, shopping malls, and all the natural tourist attractions offered by the canton of Garabito, Hermosa Salvaje knocks on the door for those seeking tranquility and comfort in one place. We are starting the construction of the new module of Townhouses of 151 m2. The project has a contemporary design with bio-climatic architecture, high ceilings, cross ventilation, natural lighting, and solar energy (upon request). The residences have 3 bedrooms, 2.5 bathrooms, a living room, kitchen, dining room, terrace, parking and are completely immersed in nature. In the Hermosa Salvaje Condominium, you will find a natural stone swimming pool with an infinity edge, a social area, parking, Yoga Deck, an outdoor gym, 24-hour security, CCTV, and a path/trail to enjoy and clear yourself in nature at all times.
