- Beach Properties

Property Description

We are proud to offer 3 unique side-by-side beachfront concession land properties nestled in the heart of Playa Junquillal, just next to an established Hotel, and a few hundred meters from the community park and turtle restoration project. This property has two singularities that make it a spectacular natural beauty: (a) Beachfront and (b) Mangrove Forest (in the back). These Beachfront properties are in a prime location, for Family Homes, Commercial activities, boutique Hotels, or all of them together if all 3 properties are bought together. a) Lot 1: Is a 1.017 m², property, where most of its zoning is TAN 3, and has the following permitted uses: Café, Restaurant, Shops, Bakeries, Services, and Mini Market, but also on its South side of the property is MIX zoning, both for Commercial use and Residential Use. b) Lot 2: Is a 3.209m², property, where its zoning is MIX, which allows the installation of Tourist activities Companies, such as Tourist Lodging, and Glamping, being that it can also be used for RESIDENTIAL USE and Commerce.
