Property Description

This ready-to-build lot is located in a well-established gated community just 10 minutes from downtown Atenas. The breathtaking views of the surrounding mountains and the ocean will leave you in awe! The flat area has been prepared for construction for several years, allowing you to start building your dream home with a pool right away. The lot measures 5,000 m² and consists of both a flat section and a more wild, untouched area. This welcoming community is home to diverse nationalities living harmoniously in a tropical environment. If you're considering purchasing land to create your paradise in Costa Rica, this is an excellent option. We can also assist you throughout the construction process if desired.
