Property Description

This property is located in Roca Verde, the most renowned community in Atenas. It already features two solid constructions, built in a charming and tasteful style. The first house includes one bedroom, one bathroom, and a combined kitchen/dining area. There is also a laundry room and a small covered terrace. The second construction, situated about thirty meters away, consists of two bedrooms, two bathrooms, a fully equipped kitchen, a living/dining area, a laundry corner, a small storage space, and a beautiful outdoor terrace offering stunning views of the surrounding mountains. There is also a carport. Between the two houses lies a large, perfectly flat area ready for a new construction—whether it be a large house with a pool or any other project you have in mind. The garden is home to many mature plants and trees. The property is being sold turnkey! Inventory in Roca Verde is very low at the moment, so don't miss out on this amazing opportunity!
